These products are patented in various European countries (patent no. EP 2 248 567 B1). Patents have also been conveyed in non-European countries. Koopman International has obtained a license to the European patent on this product for a large number of countries. These licenses entitle Koopman International (and you as our customer) to freely sell this product subject to a few territorial exceptions.

We have registered (or are finalizing registration of) the licenses in the relevant national patent registers. In due course, you will be able to check the licenses therein. We emphasize that the licenses are currently valid and in force.

For reasons of clarity, please note that the foam water guns cannot be offered or sold in the countries below (this includes trade fairs, the internet, parallel import and indirect sales):

Australia	Canada	Germany	Japan	Lithuania	South-Africa
Austria	Estonia	Hong Kong	Latvia	Luxembourg	Switzerland
Bulgaria	Finland	Iceland	Liechtenstein	Monaco	USA

You may offer or sell the foam water guns in all other countries.

Please do not hesitate to contact us with questions if and whenever they would arise.

Kind regards,
