Data	Data KSD
GTIN	8720725850118
Date	09-Dec-2024
Brand	
Adress	KSD - P.O. Box 7 NL - 7120 AA Aalten info@ksd-deco.com
Adress UK	KSD Fort Dunlop Fort Parkway Birmingham B24 9FD United Kingdom
Image	 The image shows three identical Micro LED polestar lights arranged in a triangular pattern. Each light consists of a central black cylindrical base with a thin black wire extending downwards. From the top of the base, numerous thin black wires radiate outwards, each ending in a small, glowing yellow LED light. The lights are set against a dark, neutral background, which makes the bright yellow LEDs stand out prominently.
Type	Lighting>Special lights>Facade lighting>Cascades & Polestars
Description	Micro LED polestar 8 function twinkle effect outdoor
