Product Information Sheet

Scotch® Extremium No Residue duct tape

General description

Scotch® Extremium No residue duct tape removes with no residue from most opaque surfaces for up to six months after application. The Scotch® no residue technology is ideal for temporary long duration applications, both indoor and outdoor. This is a high strength duct tape without adhesive transfer and messy cleanup after removal.

Product Characteristic	Typical Value*	Test method
Backing	Polyethylene	-
Adhesive	Natural and synthetic rubber	-
Standard roll length	48 mm x 18.2 m (20 yards)	-
Color	Charcoal grey	-
Total thickness	280 µm	ASTM D-3652
Adhesion to Steel	5.7 N/cm	ASTM D-3330
Tensile Strength	61 N/cm	ASTM D-3759
Elongation at break	21 %	ASTM D-3759
Temperature resistance	Up to 93°C	Internal

*These are average values. 3M does not guarantee every product will have these specific test values. Actual values may vary and may be greater than or less than the averages listed.

Key benefit

Removes with no residue 6 months after application.

Storage

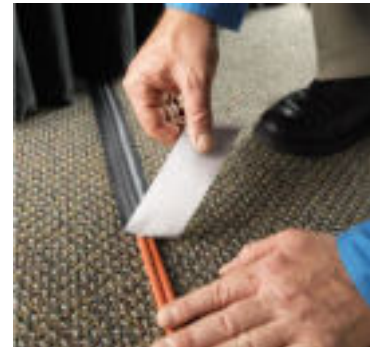

To obtain best performances, store this product under normal condition of 21°C and 50% relative humidity in the original packaging and use it within one year from date of purchase.

Features	Advantages	Benefits
Rubber adhesive	Instant adhesion	Sticks easily to the surface
	Very Good holding power Long lasting	Helps resist lifting or curling, help reduce work
No residue	Scotch® technology to ensure proper bond of the adhesive with the backing to avoid adhesive residue up to 6 months when removal	Allows long lasting temporary repairs without spending time and hassle removing adhesive residues
PE over cloth scrim	Hand tearable in both side Water proof backing* Temperature resistance up to 93°C	Easy handling and usage Indoor and outdoor usage
Narrow scrim	Better resistance	Larger range of application
	High tensile strength	For demanding applications

* Not suitable for water leaks repairs

Warning

Apply above 5°C and up to 40°C. Do not use on wallpaper or other delicate surfaces. Do not use on poorly bonded surfaces. In case of doubt, test before use. Do not use on flues, chimneys, mufflers or tailpipes.
