### Product Information Sheet

## Scotch® Extremium All-Weather duct tape

### General description

Scotch® Extremium All Weather duct tape is a multi-purpose duct tape for outdoor applications, made to resist the most challenging conditions. Powerful adhesion combines with excellent weatherability to hold strong through intense heat, cold and precipitation without drying, peeling or cracking. Ideal for weatherproofing, patching outdoor equipment and reinforcing tools, this duct tape lasts longer outdoors compared to other Scotch® general use duct tapes.

Product Characteristic	Typical Value*	Test method
Backing	Polyethylene	-
Adhesive	Natural rubber	-
Standard roll length	48 mm x 27 m (30 yards)	-
Color	Dark grey	-
Total thickness	300 µm	ASTM D-3652
Adhesion to Steel	6.5 N/cm	ASTM D-3330
Tensile Strength	54 N/cm	ASTM D-3759
Elongation at break	18 %	ASTM D-3759
Temperature resistance	-29°C to 93°C	Internal

\*These are average values. 3M does not guarantee every product will have these specific test values. Actual values may vary and may be greater than or less than the averages listed.

### Key benefit

Great performance in harsh outdoor environments.

### Storage

To obtain best performances, store this product under normal condition of 21°C and 50% relative humidity in the original packaging and use it within one year from date of purchase.

Features	Advantages	Benefits
Rubber resin	High initial tack	Sticks easily to the surface
	Very Good holding power Long lasting**	Helps resist lifting or curling, longer temporary repairs
PE coated cloth scrim Specific backing designed for outdoor	Water proof baking* Temperature resistant from -29°C to 93°C	Weather resistant Long lasting in outdoor weather conditions
Narrow scrim	Better resistance	Larger range of application
	Hand tearable in both direction	Easy handling

\* Not suitable for water leaks repairs

\*\* Resists longer outdoor than general use Scotch® repair tapes

## Warning

Apply above 5°C and up to 40°C.

Do not use on wallpaper or other delicate surfaces. Do not use on poorly bonded surfaces. In case of doubt, test before use.

Do not use on flues, chimneys, mufflers or tailpipes.
