

Technical Data Sheet

GEKO TEFLON - P.T.F.E TAPE – 7800/2 and 7800/6

DESCRIPTION: P.T.F.E. TAPE MM 12 X 12 M WITH EAN MADE IN P.R.C. - is a polytetrafluoroethylene film used to seal the threads of fittings typically in plumbing works.

Specification:

Width (mm)	Thickness (mm)	Length (m)	Density (g/cm ³)	Colour
12	0.076	12	0,35 – 0,4	White

Technical Data:

SL. No.	Property	Result
1	Resistance to heat	+370°C
2	Resistance to cold	-190°C
3	Resistance to pressure	200~250kg/cm ²
4	Tensile Strength	≥8MPA
5	Stretch at Breaking point	≥25%
6	Residual lubricant	≤0.5%

Other information:

- Insulating
- Anti-rust
- Anti ageing
