SHOWER

15L

Instructions

1. Before use, rinse with one tablespoon baking soda and warm water.
2. Fill the Shower bag with water and place on flat, sturdy surface with the transparent side facing the sun.
3. After approximately 3 hours the camping shower is ready for use.

CAUTION:

The camping shower can attain temperatures in excess of 50°C. Test the water temperature before use and add cold water when necessary. Not to be used as a container for drinking water.
